

A soldier in full tactical gear, including a helmet, balaclava, and body armor, is holding an assault rifle. The background is a solid blue color with a large black triangle pointing downwards. The text 'PRODUCTS CATALOG' is written in white, bold, sans-serif capital letters.

PRODUCTS CATALOG

Two inset images are shown in the bottom left corner. The first is a close-up of an assault rifle, showing the barrel, magazine, and trigger. The second is a close-up of a tactical bag, showing a strap and a buckle. The background of the entire page is a solid blue color with a large black triangle pointing downwards.

Dual-function design: foregrip when closed, bipod when deployed with easy transition between M-LOK and Picatinny for superior tactical flexibility.

**KEY-404**

Picatinny Rail
Polymer

KEY-404 allows you to tilt 15° left and right, providing more flexible shooting positions without needing to reposition the firearm. Additionally, it can rotate 15° on its own axis, eliminating the need to rotate the firearm itself.
